MANUFACTURERS OF

The Patent Artificial Marble,

INTO

MANTELS, TABLES, AND FURNITURE TOPS, WAINSCOTING FOR HALLS
AND STAIRWAYS, BASE BOARDS,

AND ALL KINDS OF POLISHED MARBLE WORK.

We also make our work to order, either from plain or elaborate designs, making imitations of both Light and Dark Marbles, and at a cost within reach of all. It is strong and durable, and has at least these advantages over the real, in that it does not spot or discolor, neither has it seams so common in Marble, making it liable to breakage from shipping. It will stand heat, as well as exposure, and is capable of being carried to an endless variety of uses. Estimates given, orders solicited and work guaranteed.

SPRINGFIELD
Steam and Gas Pipe Works.

WHITTIER'S PATENT STEAM RADIATOR.

☞ We would call the attention of those using direct radiation, to the Radiator represented above; the mechanical construction of which, we think, cannot be improved. Each single bar is cast in one piece, and the several bars are connected by nipples, giving a perfect circulation; the steam being supplied at the top and the return connected at the bottom. They are made of various sizes, and can be used with equal success for either high or low pressure.

Springfield, 1874-5.

NOTWITHSTANDING the general depression of business here, as elsewhere throughout the country, our city, both in population and business, holds her own, right valiantly. The increase in population has been a trifle more the last year than for the year previous, and keeps up well in comparison with the average of increase for the last decade of years. We count in our Directory, to-day, 10,752 names of citizens and firms, against 10,083 last year, and we copy here the record of the years since 1859-60, since which time the Directory has been an unbroken yearly publication, and under its present management:—1859-60, 3,971; 1860-61, 4,481; 1861-62, 4,607; 1862-63, 5,771; 1863-64, 6,181; 1864-65, 6,924; 1865-66, 6,558; 1866-67, 6,652; 1867-68, 7,509; 1868-69, 7,495; 1869-70, 7,635; 1870-71, 8,386; 1871-72, 8,716; 1872-73, 9,395; 1873-74, 10,083; 1874-75, 10,752, showing an increase each year over the preceding one, excepting the years of 1865-66 and 1866-67, when the number dropped off a few hundred, but 1867-68 more than made up for the deficiencies of those years, and since 1868 the growth has been very steady and promising. Rating at 3 1-2 persons to a name, which is the generally accepted basis for enumeration, and we have 37,626 as the present population of our city, and at three to a name—the lowest figure made by any Directory publishers—we have 32,250. This last is certainly a safe and

an under rather than an overestimate, and should the hoped-for revival of business have early realization, the centennial year of our country will find Springfield sheltering 40,000 people, with room around the edges for 40,000 more.

Building is not as brisk the present season, as in former years, but is by no means at a stand-still. A goodly number of houses are going up on the residence streets, and in the suburbs of the city, and the business streets are also having valuable acquisitions in the way of blocks and stores, and in the fulfillment of the present hopeful outlook as to business in the near future, we shall doubtless add largely to this latter class of buildings. Real estate, as in all other cities, is not as lively an article as it has been for a number of years, but holds its own remarkably well, and will doubtless protect itself, and maintain present prices, and in exceptional cases, perhaps, find an advance. But the maintenance of present prices is probably all that can reasonably be counted on.

Taken as a whole, the publishers of the City Directory, in the issue for 1874-75, feel that they have occasion to congratulate the people of Springfield upon her growth and general prosperity, and upon the promising outlook for the future.

Fire Alarm Telegraph.

HOW TO GIVE ALARM FOR FIRE.—Unlock the nearest box, pull down the hook once to the bottom of the slot, and let go. This gives the desired alarm all over the city, repeating the number of the box five times. Remain by the box a moment after giving the alarm, and if no clicking is heard in the box, pull again; if you still hear no clicking, go to the next nearest box and give the alarm from that. Be sure the box is locked before leaving it. The box is of iron, and double, and the inner one is inaccessible, except to those in charge of the telegraph, and the Chief Engineer. One single stroke of the City Hall bell and engine-house gong is not given for an alarm of fire. Alarms will be sounded on the fire bells thus: For box 5, five strokes, 1-1-1-1-1, with short intervals, and repeating. For

box 32, three strokes, 1 - 1 - 1, a pause, then two strokes, 1 - 1, a pause, and repeating. Alarms for other numbers are given in like manner. After an alarm from a box the police strike twenty-five or thirty blows on the City Hall bell as a general alarm.

When Steamer No. 3 is wanted at a fire in the vicinity of a box to which the company does not respond, *three blows* will be struck on the fire alarm. When Steamer No. 4 is wanted, *four blows* will be given. When *ten blows* are struck on the telegraph after an alarm of fire, the entire fire department of the city and the government steamer Waterspout will report at the fire without further notice.

CAUTION.—Never pull the hook while the bell or gong in the box is striking. Never touch the hook except to give an alarm of fire. Never signal for a fire at a distance, nor for a chimney. Inform yourself of the location of boxes and keys near you. Keys are in possession of responsible citizens near each box, and the police and Board of Engineers of the Fire Department.

MASSACHUSETTS, by the census of 1870, has a population of 1,457,351, of whom 1,104,032 are native born, and 353,319 foreign born; the colored persons and the Indians number only 13,189. The population of its cities (including those recently chartered) in 1870 was as follows:—Boston, 250,526; Worcester, 41,105; Lowell, 40,928; Cambridge, 39,684; Lawrence, 28,921; Charlestown, 28,323; Lynn, 28,233; Fall River, 26,766; Springfield, 26,703; Salem, 24,117; New Bedford, 21,320; Taunton, 18,629; Chelsea, 18,547; Gloucester, 15,389; Somerville, 14,685; Newburyport, 12,595; Haverhill, 12,092; Fitchburg, 11,260; Holyoke, 10,733. In 1865 the census showed the population of Massachusetts to be 1,267,031; voters, 216,182.

The valuation of this State, by the census of 1870, is \$1,634,000,000, against \$1,009,709,652 in 1865. The actual wealth of our people is, however, much greater. Allowing for undervaluation of property by town assessors, and for that exempt from taxation and so not reported, and the grand total must be over twenty-two hundred millions, giving as the average for each man, woman

and child in the State, over \$1,500,—larger, probably, than in any community of equal area in the world. And nowhere else, perhaps, is it so largely distributed to all. We have but few paupers, and most of those come from abroad.

Churches.

Location—Pastors—Time of Meetings—Membership—Historical Facts.

FIRST CHURCH OF CHRIST—Court square, between Elm and Court streets. Founded 1637. Rev. E. A. Reed, pastor; settled June, 1871; salary, \$4,000. Residence, 97 Spring street. Deacons, Benjamin Eldridge, (retired,) John R. Hixon, Roderick Burt, Charles H. Smith, Samuel R. Newell, Henry Morris, Austin L. Leonard. Superintendent of Bible service, the Pastor with Austin L. Leonard, J. L. Shipley and Amos Whitling as assistants.

Meetings—Sunday, at 10½ A. M., with preaching. Bible service and Sunday school at 2½ P. M. in Winter, and 3 P. M. in Summer, prayer meeting in Winter at 7 P. M., and in Summer at 8 P. M. Monday evening, young people's prayer meeting at 7½ P. M., in Winter, and 8 P. M. in Summer. Wednesday, female prayer meeting at 3 P. M. Thursday evening, regular church prayer meeting at the chapel at 7½ P. M. in Winter, and 8 P. M. in Summer. Neighborhood prayer meetings are held in Wards One and Three, Wednesday evenings.

The former pastors of this church were: Rev. George Moxon (1637-1652), Rev. Peletiah Grover (1661-1692), Rev. Daniel Brewer (1693-1733), Rev. Robert Breck (1736-1785), Rev. Bezaleel Howard, D. D. (1785-1809), Rev. Samuel Osgood, D. D. (1809-1862), Rev. Henry M. Parsons (1854-1870).

The number of members is 664, of whom perhaps 50 are non-resident, and there are twenty-five over eighty years of age. The average attendance at Sunday morning service is 600; benevolent contributions for the year 1873 about \$4,620.77, of which amount \$615 was from the Sunday school; raised

for church purposes, \$8,000. The Sunday school numbers 550, with an average attendance of 350; contributions from its members the past year, \$615.

This society have just completed a new gothic chapel on Elm street, 50 x 113 feet, with a tower 90 feet in height. A transept fronting toward Court square, contains 18 separate class-rooms, arranged in semi-circular form on two floors and opening into a common rotunda, sash doors open from each room into the rotunda, thus throwing all the apartments into one common room or isolating them as may be desired. These rooms, together with the pastor's classroom and the rotunda for intermediate classes, afford seats for 700 persons.

The building contains on the first floor the Bible service and vestry rooms, on the second floor are large parlors for social purposes, the pastor's study, also the kitchen and dining-rooms.

The cost of the building, land and furniture will exceed \$32,000.

A new feature is noticeable in regard to all the larger churches of the city. People realize somewhat, that while their busy pastor visits at once the sick whenever informed of such, and in other cases of need, he can not call on everybody who may expect him. Yet, that he may know of the welfare of all in his charge, and that newcomers especially may have kindly welcome and help, the parish is divided into districts, (for the First Congregational church there are thirty), and ladies appointed for each, who visit quarterly or oftener every family in the congregation.

Parish Committee—N. C. Newell, F. A. Brewer, Emerson Wight; Sexton, Oliver H. Perry. For seats, apply to H. E. Moseley, No. 10 Barnes' block.

OLIVET CONGREGATIONAL CHURCH—State street, opposite Armory grounds. Founded in 1833. Rev. L. H. Cone, pastor; settled in 1867; salary, \$2,500; residence, 82 Walnut street. Deacons, William A. Spooner, B. F. Quinby, George Dillingham, George B. Kilbon, George S. Savage; Sunday school superintendent, B. F. Quinby; assistant superintendents, F. W. Anderson and A. B. Forbes. Clerk, Geo. B. Kilbon.

Meetings—Sabbath, 10½ A. M., (Bible service and Sunday school;) 2¼ P. M., (preaching;) 7 P. M. in Winter, 7½ P. M.

in Summer, (prayer.) Thursday night, church prayer-meeting, at 7½ P. M. in Winter, and 7¾ P. M. in Summer.

This church is the second in age of its denomination in the city. Of the nineteen original members, but five are living, and three still connected with it. The membership is 280, average congregation 450.

The Sabbath forenoon is given to the Bible service, (Sunday-school,) in which the pastor takes an active part. This is well attended, especially by the young, numbering 270.

Parish Committee—Alexander B. Forbes, Geo. S. Savage, Samuel W. Porter, J. W. Hitchcock, Isaac Hawley; James S. Wheeler, clerk; Charles A. Ford, sexton; J. W. Hitchcock, collector, 447 State street, to whom apply for seats.

Baptist; basses, Davis Jennings, Carl Talbot, J. D. Raymond, Thomas Simmons. The organ is a reed instrument, made by Estey of Brattleboro, Vt.

CHURCH OF THE UNITY—Director and organist, William C. McClallan; soprano, Miss Delia Foot; alto, Miss Ellen M. A. Whiting; tenor, William H. King; bass, Frank Foot. The organ in this church is

the costliest in the city, the price, including the front, which is very elaborate, being nearly \$8,000. It was built by the Hooks of Boston, and set up in the church in January, 1869. There are two manuals, 33 registers, 1,623 pipes, and five combination pedals. This is the only organ in the city blown by water-power.

CHRIST CHURCH, EPISCOPAL—Organist, Henry Cox of Hartford; tenors, James D. Safford and Thomas N. Newton; basses, F. G. Fisher, Edward Hirst; sopranos, and altos, twenty-five boys. Meetings for practice three evenings each week. The organ at Christ Church was one of the earliest built by the Hooks of Boston, and dates back to 1835, when it was constructed for St. John's Church, in Providence, R. I., of which the parish in this city purchased it in 1852. It has two manuals and 24 registers, and has recently been thoroughly rebuilt.

FIRST BAPTIST CHURCH—Director, Chas. Parkhurst; organist, Miss Ella M. Smith; sopranos, Miss Marion A. Spooner, Miss Nellie Ross, Miss Carrie Beebe, Miss Saida Daboll; altos, Mrs. William T. Orchard, Miss Nellie Briggs, Miss Minnie Daboll, Miss Mary Perkins; tenors, Charles Parkhurst, William H. Hawkes, William Ross; basses, William Wilson, George B. Holbrook, H. J. Rand, Wm. H. Fales. This church has the first Johnson organ erected in Springfield. It has 36 registers and two banks of keys, and was built in 1853 at a cost to the church of \$2,500.

STATE STREET BAPTIST CHURCH—Director, J. C. Spooner; organist, S. E. Packard. There is a choir of seven voices, the quartette consisting of Miss Ida J. Lawton, soprano; Miss Ida F. Tapley, alto; J. C. Spooner, tenor; and George McGregory, bass. This church owns one of the finest Organs in Springfield. It has three manuals, each of 58 keys, a pedal organ of 27 keys, 40 registers, and 1,882 pipes. There are also four combination pedals, besides two other mechanical pedals. This is the only three-banked organ in Springfield. It was built by William A. Johnson, of Westfield, in 1870, and cost \$5,000.

PILGRIM BAPTIST CHURCH—Leader, R. C. Coleman; organist, Jennie McIntyre; sopranos, Miss Jane Wilson, Miss Clara Stubbs; altos, Miss Delia Ball, Miss Julia Dubois; tenors, Isaac Parker, J. S. Jack-

son; basses, R. S. Griffin, R. C. Coleman. The organ is a reed instrument, made by Estey & Co., of Brattleboro, Vt., and rented of Roderick Burt.

FIRST METHODIST CHURCH—Florence street—Director, A. J. White; organist, Miss Nettie E. Bannon; soprano, Mrs. Frank G. Fisher; alto, Mrs. Elisha C. Wheeler; tenor, Alpheus W. Rice; bass, A. J. White. The organ was built by Johnson of Westfield. It has two manuals, 23 registers, and two combination pedals, and cost \$2,200.

STATE STREET METHODIST CHURCH—Director, H. S. Newell; organist, Mrs. J. R. Tiddy; quartette, soprano, Miss Emma J. Taylor; contralto, Mrs. J. C. Ingersoll; Tenor, J. C. Ingersoll; bass, Wm. C. Newell; chorus, sopranos, Mrs. Wm. P. Taylor, Mrs. James F. Brierly, Miss D. I. Johnson, Miss Mary E. Chester, Miss Kate E. Houghton; alto, Miss Sarah M. Childs, Miss Jennie A. Hopkins, Miss Annie E. Wright, Miss Jennie S. Newell; tenor, David S. Lankton, George P. Greenleaf, William H. Spencer; bass, Isaiah C. Colton, W. F. Ley, William D. Chandler, H. F. Bullens. The new organ for this church, contains a great organ of 12 stops, a swell of nine stops, a pedal of three, (making 24 speaking stops,) and six mechanical stops, besides four combination pedals. Although lacking the great variety of stops afforded by the larger scheme, it is a fine instrument, and ample for the ordinary requirements of church service, and cost nearly \$6,000.

TRINITY METHODIST CHURCH—Director and organist, J. Gilbert Wilson. The organ was built by William A. Johnson of Westfield, in 1869, and was first erected in the City Hall, for the use of the musical festival held there in the first week in September of that year. The work of setting it up in the church was completed, September 20, 1869, and it was dedicated by an organ concert, November 30, 1869. It has two manuals, 34 registers and two combination pedals, and cost \$4,000. Sopranos, Miss Nellie Hadley, Mrs. C. C. Moulton, Miss Sarah Owen, Miss Carrie Loomis; altos, Miss Emma Hayden, Mrs. G. W. Anderson, Mrs. Robert Lathrop; tenor, Dr. N. Morgan; basses, C. C. Moulton, Albert Holt.

GRACE METHODIST CHURCH—Director, E. H. Wheelock; organist, Miss Sarah Stebbins; sopranos, Mrs. Augusta Winter, Mrs. A. J. Pease, Mrs. D. L. Pike; alto, Mrs. Mary Richards; tenor, E. H. Wheelock; basses, Wilbur Miller, D. L. Pike, John Davis. An Estey's cabinet organ, with six stops, is used instead of the pipe organ, left in the church by the Universalists on the removal to St. Paul's church, and which was made by the Gemunders, formerly of Springfield.

UNION AMERICAN METHODIST—Director, R. M. Volk; organist, R. M. Volk; sopranos, Mrs. E. J. Williams, Mrs. Mary Robinson; altos, Mrs. Ella Johnson, Miss Hattie Lynde; tenor, Walter Butler; bass, E. J. Williams. The organ is a reed instrument made by George Woods & Co., and cost \$295.

ST. PAUL'S CHURCH, UNIVERSALIST—Director, Henry F. Trask; organist, Edward H. Phelps; soprano, Mrs. Hattie E. Chickering; alto, Mrs. George Fowler; tenor, Henry F. Trask; bass, Charles Mulchahey. The organ was built by William A. Johnson, of Westfield, in 1869, at a cost of \$3,300. It has two manuals, 31 registers, and two combination pedals.

BETHEL CHURCH, SECOND ADVENTISTS—Director, R. E. Ladd; singing, congregational.

ST. MICHAEL'S CHURCH, ROMAN CATHOLIC—Organist and conductor, John J. Toomey. Quartette—soprano, Miss Mary Conaty; alto, Mrs. D. Guess; tenor, J. B. Buckley; bass, D. Guess, assisted by a chorus of twenty voices.

CHAPEL OF THE SACRED HEART—Director, D. J. Shea; organist and soprano, Miss Catherine Galligher; alto, Mrs. Bridget Roache; tenor, John Byrnes; bass D. J. Shea, assisted by a chorus of eight voices.

ST. JOSEPH'S CHURCH, FRENCH ROMAN CATHOLIC—Director, J. L. Garbours; singing, congregational.

Musical Organization.

LORTZING EINTRACHT—Organized in 1856. President, H. Knappe; secretary, Fred W. Ley; cashier, Theo. M. Zinsser; dramatic director, Jacob Klein. Number of members 30.

MENDELSSOHN UNION—Organized in

1864. President, Thomas Chubbuck; vice-president, Albert Holt; secretary, Charles Mulchahey; treasurer, H. F. Trask; librarian, J. J. F. Devereaux; trustees, Charles L. Chapin, H. S. Newell, O. H. Perry, J. G. Wilson, T. Newton; pianists, J. G. Wilson, E. H. Phelps. Number of members, 120; place of meeting, Amos Whiting's music rooms, 13 Barnes' block.

ARMORY CORNET BAND—Organized in May, 1860. President, L. C. Allin; leader, C. Carroll; clerk and treasurer, R. D. Carlton; standing committee, R. D. Carlton, W. Gardner, E. N. Wood. Number of members, 18; place of meeting, band room on the Armory grounds.

WATERMAN'S DRUM CORPS—Leader, W. H. Waterman; clerk, F. S. Crane. 12 members. Meet at City Guard armory, corner State and Market streets.

SPRINGFIELD CONSERVATORY OF MUSIC (established 1864) — Mrs. M. J. D. Hutchins, proprietor and instructor, assisted by an able corps of teachers. Rooms, No's 1, 2 and 3 Shaw's block, 374 Main street. There are about 80 pupils. A Chickering piano-forte ware-room is attached to the rooms of the institution.

SPRINGFIELD CONSERVATORY OF MUSIC, Express block, 12 Court street. Instruction given in vocal and instrumental music. M. C. Zuchtman, secretary; F. Zuchtman, director.

Women's Christian Association.

Room, Hurlbut's block, 344 Main street. Officers—President, Miss I. C. DeVelling; vice-presidents, Mrs. Josiah Hooker, and Miss Elizabeth Warriner; recording secretary and treasurer, Mrs. A. M. Butterfield; corresponding secretary, Mrs. Frank Beebe; chairman of committee on boarding-house and employment, Mrs. O. D. Morse, 73 Vernon street.

The object of this Association is the improvement of the religious, intellectual, social and temporal welfare of women in this city, especially of young women. To those who are supporting themselves here, away from their own homes, its open and free reading-room and weekly sociables afford pleasant recreation and rest. An opportunity is thus afforded them for making acquaintances and friends. Pastors and

parents in other towns would help the work, by giving to their young women, coming to Springfield for employment, letters of introduction to this society. Assistance in finding suitable boarding-houses and employment is given, and also attention in sickness. Instruction in writing is given to classes, without charge. A prayer-meeting is held every Tuesday by the ladies of the Association, in Winter at 3, and in Summer at 7 P. M. A sewing school meets at its room once a week, on Saturday afternoon. The object of this school is the instruction of young girls in sewing. Materials are furnished, and such garments as are made by the pupils are given them.

Applications for watchers for the sick should be made to either of the following named: Mrs. J. T. Chapman, 34 Bliss street; Miss Mary Morris, Maple street; Mrs. R. E. Ladd, 716 Main street; Mrs. Ammon Moore, 93 High street, Mrs. W. Watts, 41 Dwight street; Mrs. R. Rice, 22 Holyoke street.

Young Men's Christian Association.

Rooms in Hurlbut's block, 344 Main street; open every week-day and evening, and *free to all*. The reading-room is the best in the city for public use, and supplied with various leading daily and weekly papers, secular and religious, and popular magazines.

Strangers and young people, and especially those who have just come to the city to reside, are cordially invited to come in. Any service that can be rendered by the committees on boarding-houses and employment, visiting the sick, etc., will be cheerfully done. George S. Greene, at Packard's clothing house, is chairman of committee on visiting the sick. All physicians in the city have been invited to notify the committee of any strangers here who are sick and unable to procure watchers, etc., and they will be kindly cared for. Mr. D. B. Montague, corner of Main and Bridge streets, is chairman of the committee on boarding-houses and employment.

Evening entertainments are occasionally held at the rooms, usually on alternate Wednesday evenings. The desire for social enjoyment, so natural in the young, has the

hearty sympathy of the officers, and efforts to gratify it will be made in various ways. Prayer-meetings are held at the rooms on Sunday evening at 6 o'clock, for an hour; also every week-day at 4½ P. M.

Young people coming to the city find that their subsequent standing and success are determined largely at the outset, by their choice of good associates, care to improve leisure moments, and kind and helpful efforts for others in need.

The central and pleasant rooms are much frequented. Social gatherings here have "full houses." Some of our best singers and glee clubs add the charm of their presence and voices; and there are select readings and other exercises of a lively or humorous character. Addresses are also delivered occasionally here, by eminent speakers from abroad and by prominent citizens. Perhaps there is no better means of access to the social circles of our best people, than by meeting them and making acquaintance, in these rooms and in the churches.

Lay preaching, under the auspices of the Association, in various parts of the city, has been well attended. Meetings are held every Sunday afternoon at the railroad depot, and were continued seven months last year, in that place. In the Winter a room near by is occupied, its free use being given by the Boston & Albany Railroad Company.

Parents and pastors in other places do well to acquaint themselves with this institution, and communicate with its officers when sons and daughters and friends come here to reside. Organized in 1864. Most of the churches of the city are represented in the board of directors. President, Milton Bradley; vice-presidents, D. B. Montague and D. F. Parker; secretary, W. B. Parker; treasurer, H. H. Bowman; superintendent, J. H. Foulds.

Homes for Friendless Women and Children.

The Home for Women at No. 62 Union street, and the Children's Home on Buckingham street, are under the direction of the same corporation, which was organized in 1865.

The present officers are: President, Mrs. William Rice; vice-presidents, Mrs. S. Merrick, Mrs. George Walker; clerk, Mrs.

Josiah Hooker; treasurer, Mrs. Heman Smith; corresponding secretary, Mrs. J. R. Hixon; auditor, Mr. Charles Marsh. Annual meeting the second Wednesday in October.

For several years the Home in Union street was used for both women and children, but the number of inmates increased till there was not room to contain them, and the Children's Home was erected in 1871; since which time the house in Union street has been used for women only, or for mothers with infants.

The house on Union street was originally purchased for \$5,000, and the cost of the building on Buckingham street was \$16,000. All this amount was raised by the liberal subscriptions of the citizens of Springfield, aided somewhat by those of neighboring towns.

Since the occupation of the Children's Home, the number of inmates has been constantly increasing, till the present average is nearly 45. The expense of sustaining the institution has been proportionately increased, but the citizens respond with corresponding generosity to the calls of the managers, for they are confident that a good work is well done in these institutions.

Application for admission may be made at the meetings of the managers on alternate Fridays, or at other times, to any of the officers of these institutions.

The Public Schools.

Superintendent, A. P. Stone. Office, City Hall; office hours, 12 to 1 P. M., during school days.

There are 128 teachers employed in our public schools. The number of pupils in the day schools the past year was 5,238. Over \$75,000 is annually paid by the city for public instruction. Every two years, also, a large new school-house is completed; so that in the past seven years the sum expended for school buildings, if we include the new High school-house, is nearly \$400,000. Yet by common consent, the money yields handsome returns, even according to a mere pecuniary view of the matter. For many people are induced to come here and settle, because of the attractive, well-furnished school-buildings and neat yards, and especially because of the superior educa-

tional advantages the children may have here. There are no vacant school-rooms, except in remote districts. From the north and south portions of the city, as well as from the center, there is a call for more room. It is certainly a healthful sign. There are also a few hundred pupils in private schools. But the instruction given in our public schools is so thorough, and the training so excellent, that the attendance is not likely to be diminished by any rival efforts. The attendance last year, at one time, was 93.6 of all the children of school age in the city.

Except on Worthington street, each of the large school-houses is occupied by a grammar school, divided into several grades, as the different attainments of the pupils require. Around this, in the smaller old school-houses, are the primary schools of the group. On Worthington and Central streets, the grammar school and primaries are in one building.

Children beginning in the primary school, in three years are prepared for the grammar school; here they study five years, rising through successive grades to the High School, where, in four years more, they are fitted for college, or the seminary, and so well fitted that Yale, Harvard and the other colleges readily admit pupils from here, and sometimes into advanced classes.

There is one ungraded school, and to this the truant officers, by kind and judicious efforts, gather many children who would otherwise lose the advantages of education. The truant school is at the almshouse.

The training school on Union street, west of Main, is found of great advantage to inexperienced teachers, who receive a smaller salary, and are here qualified to fill responsible positions as vacancies occur.

In the High School, scientific subjects receive more attention than formerly. Apparatus valued at \$1,500 is provided for instruction in philosophy and chemistry; and lectures, connected with these branches, are given every Thursday afternoon, and part of the year also on Tuesday afternoon, which are open to the public.

Below will be found the location of the different schools, names of teachers, salaries and number of pupils, including changes thus far made for the coming year as to increased compensation and teachers:

The Springfield Scientific Association.

Officers—President, Josiah Jordan; vice-president, A. C. Townsend; secretaries, H. B. Richardson, E. Brookings; treasurer, L. A. Tift; directors, Luther Clark, Miss I. C. De Velling, Mrs. Dr. V. L. Owen.

The association holds its regular meetings, which are open and free to the public, on alternate Wednesday evenings, at Institute hall, corner of Main and State streets. Meetings are suspended during July and August. The exercises at the regular meetings consist of papers and discussions upon scientific subjects.

During the Summer and Fall, excursions are made to localities of special scientific interest. The society has also secured each year one or two courses of popular scientific or historical lectures, from men eminent in their several departments.

Library and Museum of Natural History.

Located in new Library Building on State street, above Chestnut, and open daily. The number of volumes, May 1, 1874, was 35,140, exclusive of unbound pamphlets; 1,695 volumes have been added the past year. The Directors intend to purchase all the new works of popular interest as they appear, and are also continually adding to the Library standard works of permanent value in the various departments of literature, science and art. Sub-

scribers paying one dollar are entitled to the use of the Library, for one year, and can draw one volume at once, and exchange twice a week at the Library hours.

The Library is open on Monday from 12 o'clock to 9 P. M., and on every other week day, except the legal holidays, from 10 A. M., until 9 P. M.

The new catalogue is furnished to subscribers for use in the Library, and is also for sale to those who wish to purchase.

Catalogue slips will be printed each month, containing a list of the new books purchased during the previous month.

Officers—President, Daniel L. Harris; vice-president, E. W. Bond; secretary, William Rice; treasurer, J. D. Safford; directors, George E. Howard, Chester W. Chapin, J. M. Thompson, George Walker, Charles Merriam, Charles O. Chapin, James Kirkham, O. H. Greenleaf, John B. Stebbins, Samuel Bowles, and the Mayor of the city. Auditors, Henry S. Lee, R. F. Hawkins; librarian, Rev. Wm. Rice; assistant librarians, Charles F. Rice, Mrs. J. R. Tiddy.

The new Library building ranks among our finest public edifices, and cost, with the land, about \$100,000. It was designed by George Hathorne of New York, and built of brick, with facings of granite and Ohio stone; it stands 60 feet from the street, and is 100 feet long and 65 wide. The Museum occupies the first floor, and above is the Library proper.

MUSEUM—Curators, C. A. Emery, C. W. Bennett, Geo. Dimock, J. A. Allen, and Solomon Stebbins. The Museum is now rearranged in the new Library building, and is open to the public on Wednesday afternoons from 3 to 5. This institution originated in 1860 with the Library Association, and occupied two rooms in the City Hall. It has about 1,500 species, and upwards of 3,800 specimens of shells, classified by Dr. Geo. A. Otis, formerly surgeon of the 27th Massachusetts Regiment; also 9,000 specimens of insects; 900 specimens of stuffed birds; 120 stuffed quadrupeds, including two enormous wildcats, killed in this county; 115 species of fish and reptiles; small cabinets of coral and crustacea; an extensive mineralogical cabinet; a large and very curious collection of fossils; numerous Indian and foreign antiquities, and several flags and

various other trophies captured from the Southern rebels by our home troops. Additions are frequently made by the generosity of our citizens. Donations for the Library or Museum may be left with the Librarian, Rev. William Rice.

Licenses and Stamps.

Licenses of various kinds are required for certain dealers and peddlers, before they can do business. The provisions of law in the matter are somewhat numerous, and are changed from time to time by new legislation. Some perplexity results, and it is said that people violate the statutes, in this matter, without knowing it, and have to suffer by forfeitures and fines. It has, therefore, been desired that the essential portions of the license laws, as affecting business people, be published here for ready reference.

MANUFACTURERS OR DEALERS IN CIGARS, TOBACCO OR LIQUORS, contribute very largely for the support of the government, and what is required of them by the latest enactment is thus stated by the Commissioner of Internal Revenue :

"The law of December 24, 1872, requires every person engaged in any business, avocation or employment which renders him liable to a special tax, to procure and place conspicuously in his establishment or place of business a stamp denoting the payment of said tax before commencing business. The taxes embraced within the provisions of the law above quoted are the following, viz : Rectifiers, \$200; dealers, retail liquor, \$25; dealers, wholesale liquor, \$100; dealers in malt liquors, wholesale, \$50; dealers in malt liquors, retail, \$20; dealers in leaf tobacco, \$25; retail dealers in leaf tobacco, \$500; and on sales of over \$1,000, fifty cents for every dollar in excess of \$1,000; dealers in manufactured tobacco, \$5; manufacturers of stills, \$50; and for each still manufactured, \$20; and for each worm manufactured, \$20; manufacturers of tobacco, \$10; manufacturers of cigars, \$10; peddlers of tobacco, first class (more than two horses), \$50; peddlers of tobacco, second class (two horses), \$25; peddlers of tobacco, third class (one horse), \$15; peddlers of tobacco, fourth class (on foot or public conveyance), \$10; brewers of less than 500 barrels, \$50; brewers of 500 barrels or more, \$100."

PEDDLERS.—Extracts are given below from the fiftieth chapter of the Revised

Statutes of Massachusetts, but changed essentially, in some portions, by subsequent amendments. The emendations up to the present time are here presented.

No license is required for peddling some articles, as appears from the following in the chapter mentioned above : "*Section thirteen*—Any person may go about from town to town, or from place to place, or from dwelling-house to dwelling-house in the same town, exposing to sale or selling fruits and provisions, live animals, brooms, agricultural implements, fuel, newspapers, books, pamphlets, agricultural products of the United States, and the products of his own labor or the labor of his family," but, "no articles of the growth or production of any foreign country" are included in this free permit. Minors may be required to procure a license before they may sell articles that adults can sell without license, if a town or city by vote so direct.

Honorably discharged soldiers and sailors, partially disabled by wounds or sickness in the service of the United States, may obtain a special State license to peddle without paying anything therefor, on applying to the secretary of the commonwealth, and presenting satisfactory proofs of such service, disability and discharge, and of personal identity.

Peddling is forbidden by law, in the case of certain articles, as will be seen, from *section fifteen* : "The sale of spirituous liquors, playing cards, indigo, and feathers, in the manner specified in section thirteen, is prohibited." Violation of the law in this and in other matters is perilous, as will be seen by section twenty-seven, farther on.

How to obtain a license for peddling, what must be paid for it, what sort of a "character" is needed, and what things may be dealt in, are set forth by the law in the chapter referred to, as amended at various times, in words following :—" *Section sixteen*—The secretary of the commonwealth may grant a license to go about exposing to sale and selling any goods, wares or merchandise, not prohibited in the preceding section, to any applicant who files in his office a certificate signed by the mayor of the city, or a majority of the selectmen of a town, stating that to the best knowledge and belief of such mayor or selectmen, the applicant therein named is a citizen of the

United States, or has declared his intention to become a citizen of the United States, and is of good repute for morals and integrity. The mayor or selectmen, before granting such certificate, shall require the applicant to make oath that he is the person named therein; that he is a citizen of the United States, or has declared his intention to become a citizen of the United States; which oath shall be certified by a justice of the peace and accompany the certificate. Every license so granted shall bear date the day it is issued, and shall continue in force one year and no longer. *Section seventeen*—The secretary shall cause to be inserted in every license the names of such cities and towns as the applicant selects, with the sum to be paid to the respective treasurers thereof annexed, and shall receive from the applicant one dollar for each city or town so inserted. Every person so licensed may sell as aforesaid any goods, wares and merchandise, not prohibited in section fifteen, in any city or town mentioned in his license, upon first paying the sum so required to the treasurer of such city or town, who shall certify on the face of the license the sum so received. *Section eighteen*—Every person licensed under the two preceding sections shall pay to the treasurer of each city or town mentioned in his license, the sums following: For every town containing not more than one thousand inhabitants, according to the United States census next preceding the date of his license, three dollars; for every town containing more than one thousand and not more than two thousand inhabitants, six dollars; for every town containing more than two thousand and not more than three thousand inhabitants, eight dollars; for every town containing more than three thousand and not more than four thousand inhabitants, ten dollars; for every city and town containing more than four thousand inhabitants, ten dollars, and one dollar for every one thousand inhabitants over four thousand contained therein; but the sum so to be paid to a treasurer shall in no case exceed twenty-five dollars. *Section nineteen*—Any person resident, paying taxes upon his stock in trade, and qualified to vote in a city or town, may there expose to sale and sell goods, wares or merchandise, upon obtaining a license pursuant to the provisions of sections sixteen and seventeen,

and shall not be required to pay to the treasurer of such city or town any sum therefor." For a special State license, fifty dollars must be paid the secretary of the commonwealth; and for a county license, one dollar to the secretary for each county taken, and an additional sum to the treasurer of such county, varying in amount from four dollars for the richest county, to one for the poorest county. Licenses may be transferred.

Peddlers must post and show licenses, as will be seen by the following:—"Section twenty-four—Every person licensed to peddle as herein before provided shall post his name, residence, and the number of his license, in a conspicuous manner upon his parcels or vehicle, and when such license is demanded of him by any mayor, alderman, selectman, town or city treasurer or clerk, constable, police officer, or justice of the peace, shall forthwith exhibit it, and if he neglects or refuses so to do, shall be subject to the same penalty as if he had no license. So much of this chapter as relates to hawkers and peddlers, or a synopsis thereof, shall be printed on every license."

Forfeitures for violation of this law are from fifty to one thousand dollars. Half the money thus obtained goes to complainant.

PAWNBROKERS, DEALERS IN OLD JUNK, AND INTELLIGENCE OFFICES, must procure license annually from the Mayor and Aldermen; and if they fail to do it, heavy forfeitures are incurred.

OWNERS OF DOGS must annually pay \$2 to City Clerk the first of May, for license of a male, and \$5 for a female. A penalty of \$15 against an owner, and of \$100 against an officer, for not complying with the law.

OTHER LICENSES obtained from Mayor and Aldermen, are numerous, and are required for refining, storing or selling kerosene; for hackmen and truckmen; for innkeepers; for auctioneers; and for erection of new buildings, etc.

Hampden Park Association.

President, L. J. Powers; secretary, H. M. Phillips; treasurer, D. J. Marsh; 20 members. Control Hampden Park under a lease, and maintain it as a place for public recrea-

tion and active sports. Exhibition of horses here August 18, 19, 20 and 21; premiums offered, \$50,000.

Springfield Water Works.

WATER COMMISSIONERS—Charles O. Chapin, president; Samuel W. Porter, secretary; Daniel L. Harris, A. D. Briggs, George C. Fisk. Book-keeper and collector, George F. Farmer; engineer, Phineas Ball. Office, 18 Barnes' Block. The Board were elected in 1872, and under authority of the Legislature have purchased for the city the property of the Springfield Aqueduct Company, and considerably increased the supply of water by pumping into the aqueduct reservoirs from Garden Brook.

A steam pump will also be in operation at Brightwood, which will bring into the reservoir a million gallons of water daily from the Connecticut River alone. As the daily consumption is only one and a quarter millions a day, it will be seen that the city is well provided for. The two reservoirs in use are east of Armory street; one is near it, north of Morgan road, and holds forty million gallons; the other is more distant from the street, and near the Boston and Albany Railroad, and holds fifteen million gallons.

There is also a storage reservoir north of Morgan road, whose capacity is more than double both the others combined.

A reservoir has been commenced in Cherry Valley, in the town of Ludlow, four and one-half miles from Jenksville, which it is calculated will furnish this city with ten million gallons daily. It is to cover a territory of 445 acres, and will hold about twelve hundred million gallons of water. The work was begun May 5, 1873, and it is now expected to have the reservoir finished and the mains laid to the city during the present year.

Annual rates for water—dwelling-house, for one family, \$8; two families, \$12; \$4 additional for bathing tub. Store or office, \$4; hotel, \$50 to \$250; manufacturing establishments, 75 cents for each employe. Stationary steam engine, working not over ten hours per day to twenty horse power, \$5; over twenty horse power, special rates. Private stable for one horse, \$4; each additional horse, \$2. Livery stable, for each horse, \$2; building purposes, \$10 for each

hundred thousand brick used. Rents due on the first of April and October and payable at the office.

United States Armory.

Commanding officer—James G. Benton, Brevet Colonel Ordnance Corps; Assistants to Commanding Officer, Captain J. P. Farley, Brevet Major G. W. McKee, Brevet Captain G. D. Ramsay, and Second Lieutenant Henry Metcalf, of the Ordnance Corps; Ordnance Storekeeper and Paymaster, Major Edward Ingersoll.

The arsenal, offices, store-houses and principal shops are on nearly the highest ground in Springfield, on State street, and command a fine view of the Connecticut River and the surrounding country. The heavier operations required are carried on at the Water Shops on Mill River. Probably in no other part of the world has the manufacture of muskets been carried to such perfection. The breech-loader, model of 1868 and of 1870, which has been made here, was the combined result of the inventions and improvements applied by the government and the highest skill displayed by private enterprise, and it is probably the best breech-loading arm in the world.

The principal work done at the Armory, the past year, has been the manufacturing of rifles and carbines—18,000 of the former and 10,000 of the latter having been made. To results thus obtained by the government, private manufacturers are largely indebted, and would not themselves, in many cases, undertake the processes by which important facts have been demonstrated that materially benefit them. Making a liberal allowance for all items of expenditure, labor, superintendence, depreciation, condemned work, interest, etc., guns were manufactured here through the war at a cost of only \$11.70 each, while similar arms from contractors cost \$20 each, besides charges for proving and inspection.

The chief arsenal of the government for small arms is here, and there are now stored in it about 275,000 fire-arms of various kinds for the military service.

Most of the men work by the piece. The eight-hour law prevails, the working hours being from 7 A. M. to 4 P. M. in Summer, and 7½ A. M. to 4½ P. M. in Winter. During the war about 3,000 men were em-

ployed here, turning out about 1,000 muskets daily, but requiring some portion of the works to be run nights.

The machinery for the manufacture of the enormous Hitchcock gun is nearly completed. More than \$50,000 has been expended in getting ready to make the gun, and operations will begin as soon as the material for construction is decided upon.

The Alms-House and the Poor.

The Alms-house and City Farm are on Boston road, two miles from City Hall, and are under the care of Mr. A. S. Pease. From 41 to 51 poor people have been supported here the past year. Temporary outdoor relief, in food, fuel, etc., was given to about 700 or 800 persons, by the Overseers of the Poor. The Truant School is also at the Alms-house, with Miss L. A. Bascom as teacher.

The city's hospitality has been dispensed to 1,141 persons, at the City Hall, during the year ending June, 8th 1874.

Jail and House of Correction.

Located on State street, opposite St. Michael's church. Jailer, A. M. Bradley, salary, \$1,000; assistant jailor, F. A. Norway, salary, \$900; chaplain, Rev. William Rice, salary, \$300. There are, on an average, about 112 prisoners here, a few of whom are females. Of 800 committed to the house of correction last year, 650 were for drunkenness. Those under sentence make slippers, turning out about 1,200 pairs daily. Their labor is contracted for by L. C. Smith, at \$48 per year for each person in house of correction. The order and neatness which prevail are heartily commended by the legislative committee, as also are the humane and intelligent management. Meeting on the Sabbath with preaching at 9 A. M. Sunday-school, conducted by the chaplain, at 4 P. M., to which visitors are not admitted, unless they aid in this service. A library has been added the past year, by the generosity of our citizens, and consists now of about 500 volumes. A yard is to be made west of the jail this Summer, to furnish opportunity for exercise to the prisoners. It will be 108x32 feet in size.

City Hospital.

Located on Boston road, east of the Armory. Superintendent and matron, Mr. and Mrs. Jonah Stiles. Patients pay \$5 per week, and have excellent care and good quarters; if so sick as to need extra nurses, an additional charge is made for these, and also for medical attendance.

Grand Army of the Republic.

E. K. WILCOX ENCAMPMENT, POST 16, DEPARTMENT OF MASSACHUSETTS—Headquarters, Mass. Mutual Life Insurance block, 413 Main street. Officers—E. A. Newell, P. C.; V. Murdock, S. V. C.; T. A. Ryan, J. V. Armory grounds. The Post Office Department is not responsible for any mail matter received or deposited in these offices.

Places Worthy of Notice from Strangers.

THE CITY HALL, fronting Court Square, erected at an expense of \$100,000, ranks among the finest buildings in New England. It has an audience room capable of holding 3,000 persons, and accommodations for most of the city officers.

THE CEMETERY, in the south-easterly part of the city, has its main entrance from Maple street, near its junction with Central street, with an entrance for carriages also from Pine street, and for people on foot from Mulberry and from Union streets. Although within the city, it is so secluded its existence would hardly be suspected by a stranger. On a portion of it, the forest trees still grow, and "Nature vies with Art

in producing one of the most charming combinations of hill and valley, stream and fountain, trees and flowers, slopes and terraces, and winding foot-paths and open carriage-ways, imaginable." There are forty acres in the grounds.

THE UNITED STATES ARMORY, on State street, is described on page 59. Principal entrance to the grounds, corner State and Byers streets. Passes are required for admission to the arsenal or shops, and may be obtained at the office. Visitors see here the most perfect works for gun-making, great stores of arms, many mementoes of war, (including marks of the fight here in the Shays rebellion,) and views of the surrounding country from the top of the arsenal.

HAMPDEN PARK, north of B. & A. R. R., between the Connecticut river and Fulton street; having one entrance from Clinton street, and another from Plainfield street. Inaugurated September 29, 1857. Purchased and improved by the Hampden County Agricultural Society at a cost of \$31,600, for an exhibition ground, and leased by the Hampden Park Association.

Railroad Companies.

BOSTON AND ALBANY—Capital stock, \$19,864,100. C. W. Chapin, president; D. Waldo Lincoln, vice-president; William Bliss, general manager; C. O. Russell, general superintendent; W. H. Bailey of Greenwich; J. W. Goodman of North Dana; Samuel Adams of New Salem. The road extends from Springfield to Athol, $47\frac{1}{2}$ miles.

SPRINGFIELD AND NEW LONDON (formerly Springfield and Longmeadow)—Willis Phelps, president; D. L. Harris, clerk; J. D. Brewer, treasurer. Directors—Horace Smith, William Mattoon, Charles O. Chapin, D. B. Wesson, George E. Howard, Willis Phelps, Horace Kibbe, William Birnie, Clark W. Bryan, William L. Wilcox, Virgil Perkins, E. A. Perkins, L. H. Taylor. The road is surveyed to run to Stafford, Ct., 20 miles, with a branch to Rockville.

SPRINGFIELD AND FARMINGTON VALLEY—H. Alexander, Jr., president; Gideon Wells, clerk; H. Alexander, Jr., treasurer; Directors—D. L. Harris, G. C. Fisk, L. J. Powers, Hinsdale Smith, H. Alexander, Jr., George R. Townsley, O. H. Greenleaf, Tilly Haynes, G. C. S. Southworth. The road of this company, as proposed, is eight miles long, and the city of Springfield have voted aid to build it.

Springfield Gas Light Company.

Organized 1848; capital, \$500,000. President, James M. Thompson; superintendent, George Dwight; treasurer, J. D. Brewer; clerks, J. L. Hallett, Ira B. Allen. Office in Savings Bank Block, corner Main and State streets. Thirty miles of street mains have been laid, supplying the city from beyond Mill River to Brightwood, and from the Connecticut River to Lake Como. There are 2,100 consumers of gas, and about 450 public lamps. The greatest amount used in one day, as yet, was 250,000 feet. Price, \$3 per 1,000 feet.

Hampden District Medical Society.

Instituted 1840. Composed of the Fellows of the Massachusetts Medical Society

residing in Hampden County. President, Dr. William J. Sawin of Chicopee Falls; vice-president, Dr. H. G. Stickney of Springfield; secretary, treasurer and librarian, Dr. George S. Stebbins of Springfield. Annual meeting, first Tuesday in May; quarterly meetings, first Tuesdays in August, November and February, usually held in Common Council room, City Hall, at 2 P. M. The membership is about fifty.

Hampden County Horticultural Society.

Organized January, 1861. President, A. D. Briggs; vice-presidents, E. Dickinson, D. B. Wesson, C. W. Bryan; secretary, J. E. Taylor; treasurer, Gurdon Bill. Membership, 300. Exhibitions early in autumn.

Hacks.

Every hackney carriage is required to have a license from the city the first of April each year, for which \$1 is paid. The number of the license must be conspicuous on the carriage, and also posted inside, with the owner's name and the rates of fare. The latter are fixed by law at 40 cents for one adult, 75 cents for two, and 25 cents for each additional person; children between the ages of four and twelve are carried for half fare. These rates are for limits extending south to Mill River, east to Walnut street, and north to City Farm beyond North street, and are for day service. Beyond these, only reasonable additional charges are allowed to be made.

Indian Orchard.

This thriving village is in the north-east part of Springfield, on the Chicopee River. It is one mile north of Indian Orchard station on the Boston and Albany Railroad, and seven miles from the City Hall. The ride there may be pleasantly made from the Massasoit House in twenty minutes, any week-day morning, all the way by cars. A stage-ride a mile farther brings one to Jenksville in Ludlow, which is "set on a hill," while below is Chicopee river, the boundary line of Springfield on that side.

Indian Orchard (see map in front of DIRECTORY) is laid out with straight, wide

streets, crossing each other at right angles, and contains over 1,800 inhabitants. There are two dry-goods, one clothing, six grocery and two apothecary stores; a boot and shoe manufactory and several small shops in the same line; a cigar manufactory and store, a wheelwright shop, post-office, two hotels, Library Hall, two cotton mills, one omnibus line, and a horse railroad, reservoir, gas-works, etc. A number of new buildings have been erected the past year; and a French church costing some \$15,000, and various stores, dwelling-houses, and other buildings are to be erected this season. The railroad from Athol to Springfield adds

much to the prosperity of this village, and a branch to Chicopee Falls is proposed.

Indian Orchard mills and much of the land in this vicinity are owned by J. C. Howe & Co., of Boston; George O. Hovey is President of the corporation, and Edward Atkinson, Treasurer, both gentlemen belonging to Boston; Charles J. Goodwin is Superintendent, and A. S. Packard, Paymaster. The mills contain 860 looms and 41,000 spindles, and turn out from 150,000 to 160,000 yards per week of shirtings, denims, and sheetings; two kinds of the latter are made, one of standard quality, the other a lighter fabric.

THE ATTENTION OF CONSUMERS IS RESPECTFULLY CALLED TO

CHASE'S SUPERIOR PREPARED PASTE.

Used extensively by manufacturers of Boots and Shoes, Paper Boxes, Paper Bags and Trunks, also Bookbinders, Paper Hangers, and all who use Paste of any description. This preparation will not ferment, is a saving of much waste and annoyance to consumers of Paste made in the usual manner. By the aid of machinery in its manufacture, it is rendered perfectly fine, and is always ready for immediate use. It is now used in preference to any other, by the largest consumers of Paste in the country.

Newton Copper Type Co.

14 FRANKFORT STREET,

NEW YORK.

(ESTABLISHED FOR THE COPPER-FACING OF TYPE ONLY.)

FONTS OF THREE THOUSAND POUNDS GUARANTEED IN A WEEK.

More than Four-Fifths of the advantages derived from the Improvement we give to the Trade, and for less than Twenty per cent. we do the Labor.

NO. 82 BEEKMAN ST., NEW YORK,
May 28, 1857.

To the Newton Copper Type Company.

GENTLEMEN—I have now thoroughly tested your improvement (having had it in use for more than four years.) I have found it to preserve the original sharpness and form of type remarkably, and for my purposes (stereotyping and electrotyping) I think the Coppered type will do at least THREE times the work of the uncoppered.

Yours truly,
THOMAS B. SMITH.

We endorse the above, May, 1874.

SMITH & McDOUGAL.

63 CORTLANDT STREET, NEW YORK,
June 20, 1864.

For the past eight years we have had all new fonts of type coppered by the NEWTON COPPER COMPANY. Many of these fonts are still in active service and in fair condition, although we use cylinder presses almost exclusively. We think no job printer can ever be repaid for his outlay in the purchase of script and fine ornamental types unless he has them Copper-faced.

FRANCIS HART & CO.

We endorse the above, May, 1874.

FRANCIS HART & CO.

In estimating the Cost of Copper-facing at the following prices, the Quadrats and Spaces—usually one-fifth of the weight—must be deducted, as the Letter ONLY is Copper-faced, which makes the Cost of Copper-facing less than Twenty per cent advance at present prices on the Type Founder's bill.

PRICES FOR COPPER-FACING TYPE.

For all Fancy Type, Twenty per cent of Type Founders' Prices.

Parties desiring their Type Coppered, are requested to bear in mind that WE ARE NOT TYPE-FOUNDERS, that WE NEITHER BUY NOR SELL TYPE, but COPPER-FACE IT ONLY, at the order of Printers or Type-Founders. They will therefore direct the Founders with whom they deal to send their Type to us (the Patentees) to be Copper-faced, which, when finished, will be forwarded at once to its destination. Payment can be made to the Founders, or directly to this Company.

SAMUEL ORCHARD, Secretary.

THE BEST WORK! GREAT ECONOMY!

BY THE USE OF

Francis & Loutrel's Patent Inking Rollers.

Rollers made from our Patent Composition always retain their Suction, do not harden, shrink, or crack, and can be re-cast. The ink does not dry on them, consequently they do not require washing daily, like other rollers, thus saving ink, time, and materials used in washing. Send for Pamphlet, containing recommendations from some of the best Printers in the country.

Documents printed with our Patent Ink, will copy as readily as the ordinary Copying Ink, and by the same process. This Ink is put up in One Pound Cans.

J. W. COLTON'S NERVINE STRENGTHENING BITTERS

The Great Appetizer, Strengtheners and Regulator of the Nervous,
Bilious, Dyspeptic, Weak, and cure for Headache.
Also, to Purify and Enrich the Blood.

PURELY VEGETABLE AND MEDICINAL.

Prepared with great care, from a combination of Choice Vegetable Medicines, as a Family Curative, from Childhood to Old Age; always reliable, safe and effectual. When they had been sold but a few months, even, the praise received for them was very strong, many claiming "to give Appetite," "to correct the Stomach after eating," "to build up and strengthen those run down," Bilious, Weak, Liver Complaint, Jaundice, Kidney Troubles, Rheumatism, General Debility, Pain in the Side, Chest or Stomach, Neuralgia, &c. To Purify and Enrich the Blood, "to cure and prevent Headache," "to cure Indigestion and Dyspepsia;" also to quiet Nervous Weakness for Male or Female. "They had never found its equal." Not designed to encourage or promote the miseries and evils of Intemperance, (the name "Bitters" covers many vile compounds thus designed or used,) but COLTON'S Nervine Strengthening BITTERS may be relied upon for Purity, Great Medicinal Strength and Efficacy. ASK YOUR DRUGGIST OR DEALER FOR THEM.

Price, \$1.00 a Bottle.

John F. Henry, Curran & Co., New York; Geo. C. Goodwin & Co., Boston. Wholesale Medicine Dealers everywhere.

COLTON'S SELECT FLAVORS

OF THE

CHOICEST FRUITS AND SPICES.

Introduced in a quiet way in 1860. In 1873 THOUSANDS OF GROSS have been sold to as fine a class of Dealers, Hotel Landlords, Confectioners, Families, &c., as there is in this country, and in every

CITY, TOWN AND HAMLET,

where, thoroughly introduced, their DELICIOUS PURITY and GREAT STRENGTH have made them the Favorites with those who prize the Best and most Economical.

MANY DEALERS

who have for years sold other Flavoring Extracts, called best, (also those who have sold cheap extracts,) TREBLE THEIR SALES with COLTON'S SELECT FLAVORS, and place them in the FRONT RANK, as acknowledged

The Finest in the Market.

IT IS NOT CLAIMED that they are sold at the lowest prices per bottle; but IT IS CLAIMED that ONE-THIRD of the quantity is MORE THAN EQUAL to the ordinary Flavoring Extracts, and they are the

True Delicious Flavors of the Fruits.

These Flavors Cost but little more than other Flavoring Extracts. They are STRICTLY PURE, a Great Saving in the ACTUAL COST, and you get THE BEST.

SOLD BY GROCERS AND DEALERS.

At Wholesale, in Springfield, Mass., by WEST, STONE & CO., and Wholesale Dealers in Choice Flavoring Extracts.

The Growth of Springfield.

Fram the Springfield Daily Union, of July 9, 1874.

A BUSY SEASON IN SPITE OF DULL TIMES.—WHAT THE MASONS AND CARPENTERS ARE DOING.—THE CHURCHES, BUSINESS BLOCKS AND PRINCIPAL DWELLINGS NOW UNDER CONSTRUCTION.—A SURPRISINGLY GOOD RECORD FOR A GENERALLY DULL YEAR.

The cry of hard times has been so often repeated throughout the country that almost everybody has come to accept it as gospel. The UNION has more than once pointed out, however, that Springfield was favored far above most of her sister cities in general prosperity, nearly all her diversified branches of industry making at least as good a showing, this year, as last. The presentation which we give below of the large, steady and healthful growth of the city in new buildings, is proof positive of our statements, for nothing is more certain than that if our general prosperity were suffering, our growth would be checked. Indeed no class of workmen feel dull times quicker than masons and carpenters, and the fact that so many of them are employed at good wages in our city, this season, is a sign of the times worth noting; especially as the record of their work, begun or contemplated this season, is so creditable and so much larger than most of our citizens have any idea of. It includes two fine churches nearly finished; another elegant one soon to be erected; a large and fully average number of business blocks; and several first-class dwellings. Of the less costly houses, not quite so many as usual have thus far been constructed, but with the number in contemplation, it seems likely that the end of the season will witness, in this respect also, fully the ordinary growth.

The new South Church, in process of construction at the corner of Maple and High streets, by Norcross Brothers of Worcester, at a cost of \$100,000, is being finished as rapidly as the nature of the work will allow, and its general appearance will exceed the expectations of the most sanguine persons interested in its construction. The plasterers are nearly through their work in the audience room, and the chapel has been in use for some time. The rich stone carving, by Kitson & Ellin of New York, are so marked as to elicit general admiration, and all the work is being well and thoroughly done. The tracery in the rose windows, manufactured of artificial stone by D. J. Curtis, is now being placed in position, and is a good specimen of the excellent work which Mr. Curtis is doing in the various parts of the city.

Grace Church, which the Central Methodists are erecting at the corner of Main and Winthrop streets, is about being covered. The roof timbers are nearly all up and are strong and substantial, and the lathers have the studding of the interior nearly ready for the plasterers. The cost of this building is estimated at about \$40,000. John W. Rice is doing the brick and stone work, and is doing it well, as an inspection of the structure will show, and Peter Johnson is superintending the wood work. The main building is 70 by 120 feet, and the audience room, which is to have a gallery, will seat about 1000 persons comfortably. The lower floor is very conveniently arranged and

contains, beside the general Sunday-school room, two commodious class rooms, a kitchen and a library, all well lighted and commodious.

The Episcopalians, who have been agitating the subject of a new church edifice for several years, have decided to build, this season, after plans offered by Lord & Fuller and H. G. Wadlin of Boston, and at a recent meeting decided to place the structure on the Bliss lot on Chestnut street. This lot has a front of 150 feet and a depth of from 273 to 280 feet. It is intended to leave a space on the southerly end of the lot for a driveway; the plans, which will be carried out very nearly as drawn by the architects, represent a beautiful building of Longmeadow freestone, with a turreted tower at the south-west corner, 146 feet in height. The building will be 86 feet long on Chestnut street, a long vestibule, with a gable and rose window running to the north and ending in a porch at the north-west corner. The audience room is calculated to seat about 1000 persons, and has a beautiful clere-story, 12 feet high, supported by trusses of neatly finished Southern pine. The nave is 146 feet long, the transept 94 feet, and the chancel 35 feet. Proposals for building the edifice, which is estimated to cost \$68,000, are now being received.

The First Baptist Society are still considering the project of building a chapel on Carew street, at a point which would bring the proposed building on the corner of Dwight street, should that thoroughfare be extended northward. The plans, for which proposals are now being offered, show a neat frame building, 80 by 40 feet, with a bell tower and spire, 80 feet high, and with an audience room capable of seating about 700 persons.

There are as many and perhaps more first-class business blocks going up this season, than usual, and all of them are as good as the average of their predecessors, in point of architecture, beauty and thoroughness of construction. Mr. John Olmstead has torn down the large wooden block on Main street, just north of Taylor street, owned by him, and occupied for a long time by the Bay State Paper Company, who are temporarily occupying quarters in L. H. Taylor's adjoining block, and is putting up a durable and substantial building, the whole of which is already leased to the Bay State Company for a term of years. Amaziah Mayo has contracted to do the wood work, and Charles R. Whittemore looks after the masonry. The structure, the basement walls of which are already up, has a front of 36 feet on Main street, and is 65 feet deep. It will be five stories high above the basement, with a paved brick front and trimmings of Ohio stone, and its estimated cost is \$30,000.

J. B. Warren is putting up a brick block on the southerly side of East Bridge street, three stories high, and with a front of 50 and a depth of 90 feet. It will cost, when completed, about \$15,000, and will have a front of pressed brick and trimmings of granite. The main story is 14 feet high, the second 13 feet, and the third 12 feet. The westerly one of the three stores and the upper floors of the entire building will be occupied by Charles E. Maxfield, furniture dealer. McCauley & Bartlett are doing the brick work, and Jones & Bugbee the wood work, and the walls are nearly ready to receive the roof.

At the corner of Main and Hillman streets, John Madden's handsome four-story block is rapidly approaching completion. This building will be not only an ornament to the street, with its front of Philadelphia pressed brick, trimmings of iron and large plate glass windows, one of which is 14 by 8 1-2 feet, but is being constructed in a workman-like manner. Riley & Burke are doing the masonry, and C. L. Shaw the carpenter work, and the walls are now up to the third story, with the exception of the front. It has a frontage on Main street of 48 feet and a depth of 105 feet, giving two large and well-lighted stores on the main floor, for the rental of which negotiations are now in progress. The upper stories will probably be used for business, or perhaps light manufacturing purposes. The walls are unusually heavy, and the detail of building is closely looked after. The block will cost about \$30,000.

B. F. Farrar has put up on the northerly side of East Worthington street a plain brick block, with freestone trimmings, 50 by 60 feet and four stories high. There are two stores on the main floor, one of which, with the floors above it, will be occupied by

J. A. Eldredge, furniture dealer, while Henry M. Burt will occupy a portion of the structure with his newspaper establishment. The wood work of the building was done by James M. Currier & Co., and the block cost about \$12,000.

H. A. Pierce's four-story block is going up on State street, just east of and adjoining W. L. Wilcox's stove and tin warehouse. This building is 23 feet by 70, with one store on the main floor, and will have a front of pressed brick and trimmings of Monson granite; there will be three tenements in the upper stories, one on each floor, conveniently arranged, and the store will be occupied by Mr. Pierce in the fruit business. The estimated cost of the building is \$12,000, and the masonry is being done by Howe & Hawks, and the wood work by Joyce & Burnham.

The large block which Robinson, Marsh & Co. are putting up at the corner of Taylor and Dwight streets, is about ready for the roof. No building in the city is more substantially built than this, and it will be used entirely for light manufacturing purposes. It is 87 feet by 90, is well lighted, and has a boiler room in the rear, 65 by 14 feet. Rising to a height of four stories, it is neatly trimmed with brown stone, and will cost, when completed, about \$30,000. Royal Harrington attends to the brick work, and the carpentry is done under the supervision of C. S. Ferry, who has built some of Springfield's finest structures. One-half the building will be occupied by O. B. Douglass & Co., wood workers, and portions of the remaining half will be used by the Davis Level Company, now located at Chicopee Falls, and possibly by the United States Spring Bed Company.

Around on Hampden street the old Carlton house is being demolished to make room for a business block which William Patton proposes to build, this season, and which will be entirely occupied by Cutler, McIntosh & Co., wholesale dealers in boots and shoes. It will be 60 feet on the front, and 62 feet deep, and three stories high, with trimmings of granite and freestone. D. J. Curtis will do the brick and stone work, and Moody & Black the wood work, and the building will cost \$16,000.

Not the least noticeable among the prominent buildings is Frost & Lewis' handsome livery and sale stable, three stories high, just finished on Market street. This building is 34 feet by 80, and has a front of pressed brick with trimmings of Ohio sandstone, a neat figure of a horse being artistically cut in the cap-stone over the main entrance. On the main floor is an elegant little room, richly carpeted and furnished, where ladies can wait until their teams are ready, and stepping into their vehicles in the building, drive through the main entrance to the street. Directly opposite is the principal office, and in the rear is the carriage room, a large apartment expressly fitted up for the storage and washing of light vehicles. On the second floor are 32 stalls for the horses, to which the animals ascend by a winding roadway like a flight of stairs. The third and upper floor is used for storing grain and hay, and 50 feet of hose attached to a water pipe are at hand for immediate use in case of fire. There are harness, blanket, whip and robe rooms in convenient places about the building, which is without doubt the finest structure of the kind in this part of the State. The carpenter work was done by D. A. Davis, a good workman of large experience, and D. J. Curtis did the mason work. The building cost about \$12,000.

The Wason Car Company intend to tear down a portion of their old shop on Lyman street, in the Fall, and build, just east of the block occupied by the Powers Paper Company, a building precisely like the latter in size, finish, and appearance. A large portion, if not all of it, will probably be occupied by the Powers Company.

The Hampden Park Association are discussing plans for an extensive addition to the grand stand on the park, by building another story upon that structure, with ninety-two private boxes, capable of accommodating six persons each.

The number of superior dwelling-houses, in various stages of completion, is quite large. On the southerly side of Central street, which avenue, by the way, is being greatly improved, B. F. Farrar is erecting a block of eight double houses, 196 feet long, extending easterly from the fine block he recently finished, and to be of the same external appearance, the front being constructed of pressed brick, with Ohio stone trimmings. Each house will be finished with all the modern conveniences, and two

verandahs will extend along the rear of the entire building, the cost of which will be about \$40,000. Mr. Farrar does the mason work himself, James M. Currier & Co. the wood work, Horatio Powell the painting, and Handyside & Jarrett the plumbing.

Henry Alexander, Jr., has moved his dwelling from the corner of State and Elliott streets to the easterly side of his lot, with the exception of the two wings, which have been placed near the barn in the rear, and will be fitted up into a dwelling for his hired man. A large and commodious ell has been constructed in the rear of the main building, and will be fitted up into a dining-room, kitchen, china closet, ice chest, etc. The work is being done in a superior manner by W. D. Keyes, Marcus Houghton doing the mason work, and T. M. Walker & Co. the painting. The whole cost of the improvements will be about \$10,000.

R. C. Searle is completing on Carew street, near Main, a block of three houses, the structure being 75 by 40 feet and two stories high, with a basement and French roof. Each house contains large and airy rooms, has bay windows in front, and will be furnished with the modern conveniences. Mr. Searle has done the carpenter work, has hired his own painters, and Benjamin Spear has done the mason work, the front being pressed brick, with trimmings of Ohio stone. The cost of the building is estimated at \$18,000.

E. C. Bailey, the architect, has prepared plans for a block of houses to be erected by C. C. Burnett on the west end of his Court street lot, and the structure, already fully described in the Union, will be exceeding neatly and tasteful. It will contain three dwellings in flats.

The plan for a new two-story school-house at Brightwood will soon be finished, and builders will then have an opportunity to send in their proposals for its erection. It will be constructed of brick, at an estimated cost of \$15,000.

Marvin Chapin's elegant residence on Mattoon street, now under construction by J. M. Currier & Co., at a cost of \$25,000, is nearly completed, so far as its exterior is concerned, and the workmen are putting on the backing for the tower roofs. Work upon the interior, which is to be rich in design and with a sumptuous finish in native woods, will be begun in a few days.

Mr. A. S. Bryant is building on Maple street, near Mulberry, a handsome dwelling-house which will soon receive its roof. It will be two stories high, with basement and French roof, and its trimmings are of Ohio stone. Mr. Chauncey Shepard is the designer and builder. C. R. Whittemore is doing the brick and stone work. It will cost when finished \$20,000.

The county commissioners are expected soon to award the contract for improvements at the jail and house of correction, according to plans recently furnished by George E. Potter. The present kitchen, boiler room and bakery are to be torn away, and a new building constructed for similar purposes, inclosing a yard which has long been needed, about 100 feet long by 28 wide. The building proposed will contain a kitchen 33 by 32 feet, with set kettles, pantries, etc., a bakery 23 by 10 feet, boiler room 30 by 23 feet, and a room for storing straw 23 by 8 feet. It will be very neat in external and internal appearance. Its cost has not yet been estimated.

The \$25,000 residence at the corner of Chestnut and Mattoon streets, erected for Dr. T. F. Breck by Norcross Brothers of Worcester and D. J. Curtis of this city, is receiving its interior finish, the upper portion being of the English baronial style, and the lower decidedly French.

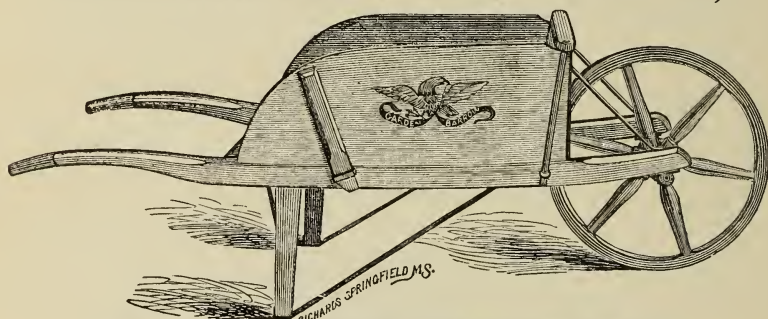

Josiah Perkins is engaged upon designs for a brick block of five tenement houses, which Daniel McCauley proposes to build on Bond street.

The BYRON WESTON Ledger and Record Paper, made at Dalton, Mass., has received THE HIGHEST PREMIUM over all others from the AMERICAN INSTITUTE, NEW YORK, the CINCINNATI INDUSTRIAL EXPOSITION; and the MASSACHUSETTS ASSOCIATION. Its principal advantages are as follows :

1. It contains more LINEN than any other Ledger Paper, has a LONGER FIBER, and is consequently, TOUGHER.
2. Having a harder and better body, it FRAYS LESS IN ERASURE, so that by simply using the rubber after the eraser, the ink is prevented from spreading.
3. It is more uniform in Weight, Color and Finish.
4. It never cockles in Binding, nor crocks in Printing.
5. Its chemical action upon Ink is such, that it both WRITES and RULES BETTER.

For proof of the above, reference can be given to a large number of Banks, Railroad and Insurance Companies, County Officials and Book-keepers generally, who have given it, after a severe test, the PREFERENCE OVER ALL OTHERS.
